## Overview

Under Construction. The thoughtfully designed Slate floor plan opens with two bedrooms flanking a full hall bath. Beyond the entry, you'll find an open layout with a dining nook, a great room with access to an inviting covered patio, and a kitchen with a center island, walk-in pantry and abundant cabinetry. The primary suite is nearby, offering a generous walk-in closet and a private bath with a shower and a separate soaking tub. A laundry room and a fourth bedroom with its own private bath complete the home. Upgrades include white 42 cabinets throughout the home, brushed nickel hardware, ceramic wood look tile flooring, GE appliances, including washer dryer and quartz countertops in the kitchen! **SAMPLE PHOTOS** Actual homes as constructed may not contain the features and layouts depicted and may vary from image(s).
