Overview

BETTER THAN NEW IN A PRIME hidden gem subdivision. This home is a smart investment situated amongst much higher priced homes. The secret is out. This was the first home to hit the market in The Estates at Lost Creek. All homes have sold prior to completion. Upscale niche neighborhood just north of town with large lots and custom homes. The exterior is simply one-of-a-kind and truly defines curb appeal. Simply stunning and unique. 4 bedrooms, 3 baths, 2 car garage. Situated on just under an acre on a cul-de-sac backing to the woods. White hand-coated brick and amazing cabinet work. If you have an eye for detail, this home is for you. Dream kitchen has so much to admire. Open kitchen offers beautiful custom cabinetry, a French style vent-a-hood, gas cook-top, built-in oven and microwave with designer sink. Gather your friends around the island or move outside to the covered patio for year round use. Spacious primary suite with large walk-in closet, gorgeous bathroom with fresh bright shower walls and flooring for spa ambience. Large soaking tub with beautiful shiplap walls to get away from it all and relax. No detail was left out of this home. You must see it to appreciate the difference you'll find in this gem. Remaining builder warranty transfers. Just a little more bonus info: tankless hot water heater with recirculating system, programmable thermostats and security alarm system. Plenty of room to add a pool.
