Overview

Looking for a mini-farm with some acreage? This Cape on over 13 acres may be just what you're looking for. With 3 bedrooms, 1.5 baths, a partially finished basement, fireplace, hardwood floors, this comfortable home features an open kitchen/diningroom with vaulted ceiling and a skylight; spacious living room featuring a soapstone stove that keeps the house toasty in winter. First floor bedroom is next to the half bath, and upstairs there's a large primary bedroom with a walk-in closet and an additional bedroom, along with a full bath. The lower walkout level is partially finished, with a family room/playroom and a separate study/bedroom. Outside there's a small barn with attached run out w water and electric, and extensive gardens including fruit trees, a chicken coop, small greenhouse, and another storage shed suitable for a few animals or storage. Owned solar panels. New furnace, oil tank, water pump, water heater have been replaced recently, and plumbing was redone 2 years ago.
