## Overview

Attractively priced lake condo! Short term rental permitted! A great lake home, terrific investment, or maybe both! Just across the Kimberling City bridge at Table Rock Lake, Ozark Vista Condos at Ozark Mountain Resort offer the best of both worlds - a community tucked in the woods and with great lake access - a popular combination unique to the Ozarks! This former resort has been converted to condominiums that are zoned for nightly rental, making them a fantastic value for your investment dollar. Newly-refreshed amenities include a waterfront area with boat launch, a beautiful outdoor pool, new pickleball court, basketball and shuffleboard. Great location close to all the convenience of Kimberling City - shopping, dining, and Port of Kimberling Marina are all within a stone's throw! Multiple condos available. Ask for the full list of currently available inventory including full photo galleries. Finally, an affordable place at the lake! Condos are selling fast... Don't miss out!
