Overview

This quaint 4 bedroom, 1 bath bungalow is located at the North-end of Oaktown and is on a quiet impasse street with .71 acres. There's a bonus room with a closet, which is in between the living room and bedrooms, that would work great as a den or office. There's also an unfinished room off the bonus room that could be made into a 5th bedroom! The laundry room opens out into a covered porch, which is nice for relaxing evenings looking out at the large backyard with beautiful mature trees and a garden area. The metal roof was new in 5/23 and the central air unit and furnace was purchased within the last 3 years. The one-car garage has an inside workspace and a carport attached to it. Don't pass on the opportunity to see this home! This property is being sold as is.
