Overview

NEW CONSTRUCTION! Welcome to our Aberdeen floor plan! At just about 2400 square feet, this 2 story plan has 3 bedrooms and 2 bathrooms downstairs, and a loft, 4th bedroom and 3rd full bathroom upstairs. The primary bedroom offers an ensuite bathroom with 2 closets. This plan also features a chef-inspired kitchen with an oversized island for bar seating, granite countertops and a subway tile backsplash. From your kitchen, you have an open view into the rest of your dining and living areas. The versatile, elongated living area offers ample space while still feeling cozy - especially since you can snuggle up by your fireplace. Step out back to relax on the large covered porch. Our homes are built with quality materials and workmanship throughout, and superior attention to detail - Plus a one-year builder's warranty! Your new home also includes our Smart Home technology package! Photos are representational, and colors and materials may vary. Buyers to receive up to \$10, 000 in Seller Paid Closing Costs with use of preferred lender + attorney!
