Overview

Tucked away on a side street in the desirable Upper Falls Historic District neighborhood of Newton, this Cape is a gem. With a new kitchen, new bathroom, new recessed lighting, and new white oak hardwood floors, the home is ready to be enjoyed by its next owner. The home features on the first floor a sunroom/breezeway entry, an open concept kitchen/dining room, a formal living room and a full bathroom; and two bedrooms on the second floor. Finely appointed kitchen includes a modern Fotile vent hood. The walk-out basement could be finished to include an office and/or playroom. The back yard is deep and is a perfect place to enjoy the outdoors. A condo alternative, this home is in an outstanding location with access to schools, shopping and key commuting routes in all directions, and has an attached single-car garage: it is not to be missed!
