Overview

Upon entering, you'll be welcomed by an expansive layout featuring four generously sized bedrooms, each with its own walk-in closet. A versatile private office or guest room on the main floor enhances the home's flexibility. The primary suite is designed as a luxurious retreat, featuring an accent wall, a clawfoot tub, a separate shower, and an impressive 10'6" x 14'9" walk-in closet with built-ins, shoe and sweater racks, and additional hanging hooks. The kitchen is truly a chef's delight, boasting soft-close doors and drawers, a huge pantry with custom wood shelves, and an outstanding appliance package. This includes a gas stove with five burners, a griddle, air fry, and convection options. The mega-capacity refrigerator offers 30.5 cubic feet of space, dual ice makers in the upper and lower sections, and even a feature to make smaller ice cubes for added convenience. The home is adorned with luxurious details, including hand-scraped wood flooring, crown molding, accent walls, hardwood stairs, a cozy fireplace, quartz countertops, and elegantly tiled showers and baths. Practicality meets comfort with ample storage throughout, sound-insulated interior walls, a fully insulated garage, and zoned heating and air conditioning. The home is fully equipped for modern living, with Ethernet and coax throughout, a smart panel box, an integrated alarm system, and a camera

system, making it a true smart home. The exterior is equally impressive, featuring double-hung windows, Hardie plank siding, a brick foundation, and iron railings. Relax on the beautiful screened porch overlooking more than an acre of lush land. This is a rare opportunity to own a piece of paradise. Schedule your private showing today.
