Overview

This East facing home was built in 2022. It features engineered hardwood and tile flooring. There's no carpet to worry about. The property shows like new with three bedrooms, two full bathrooms and an office. It features a light airy kitchen with quartz counter top, ample dining space and an elevated chandelier. The kitchen opens up the family room with large windows that allow natural light throughout the day. The ensuite is connected to the light and airy master bedroom which features tile throughout flooring and shower. In the garage you'll find a water softener and an EV charging station. Save on energy with the solar panels included with this home. This property is on a quiet and lovely cul-de-sac with only one neighbor beside you. On the other side you'll find a walking trail that leads you to the community resort style pool, ranch house, park, gym and additional walking trails. Directly behind the property is the location for a future park. This home is nestled in the Santa Rita Ranch North subdivision which is known to have some of the best amenities in the whole Austin area! Schedule your showing to view this beautiful well maintained home today!
