Overview

Investor opportunity just 3 minutes from charming downtown Rockwall, Harry Myers Park and Dobbs Elementary...a desired location! This cozy home in the heart of Rockwall is waiting for someone with vision to make it fabulous! Large back yard gives plenty of space. In 2021, solar panels were installed -to be paid off by seller. Old underground plumbing replaced and updated and hot water heater replaced. The electrical panel was replaced in 2015. Needs foundation work and some TLC as reflected in price, but has so much potential!
