Overview

Nestled among tall oak trees, this fully customized chalet was designed with accessibility in mind. This home features barrier-free entries, wide doors and passageways, and an elevator from the basement to the main floor primary suite. Take in the serene rural view from the great room with a vaulted knotty pine ceiling and a soaring 20' flagstone, wood burning fireplace. Watch for wildlife on the property's 5 wooded acres from the rear deck or work your hobbies in the 30' x 40' heated pole barn's workshop.
