Overview

You'll have to see it to believe it! This 8 bed 8.5 bath Queen Anne Style Victorian is set on .88 acres of beautiful gardens and outdoor retreats. With well maintained historic charm throughout, there is more than meets the eye. Three of the bedrooms and bathrooms are in a separate updated in-law apartment with its own electric meter, which has a large kitchen, living room and another half bath with laundry hook up. It's literally a whole other house not just an apartment with 2 direct to outside egresses. The main house has 5 large beds each with their own full baths, a beautiful country kitchen, a library, and a really cool finished attic loft space to accompany the living and dining..... with antique character. As is this property is set up to make mortgage supplementing income and as a Bed and Breakfast, previous to the current owner, Sturbridge SR zoning seems to allow a variety of interesting opportunities with a special use permit. Some ElecandPlumb Upgrades.
