Overview

Welcome home to this immaculately cared for property in Crawford Creek! This home comes with 4 bedrooms, 3 bathrooms, a loft, a huge recreation room, the owner's suite on the main level, a 2 car garage, a fenced-in backyard, and so much more! Upon entering the home, you will find a formal dining room just off of the kitchen. The kitchen comes complete with appliances that are less than 1 year old, a pantry, and a breakfast nook. The living room has a fireplace, vaulted ceilings, and is overlooked by the beautiful open banister of the staircase. Off of the living room is the spacious primary suite. The primary bathroom has a garden tub, a double vanity, and a private water closet. Also on the main floor is another bedroom and full bathroom, along with the laundry room, leading to the garage. The garage has additional storage space in the back! Moving upstairs, the landing has enough room to be able to utilize it as a loft space, there is another 2 bedrooms, 1 full bathroom, plus a large recreation room big enough for a pool table! And if all of that wasn't enough, there's still more - every bedroom as a walk-in closet, the attic space is incredible, the washer and dryer can remain with the home, and there is a wired, whole-home security system available should that be important to you! Off of the living room is a door to a screened-in porch, and beyond that is a huge corner-

lot backyard that is completely fenced in! Something really cool is that one of the neighborhood pools is just right across the street, so you would only be steps away from splashing with friends in our hot Georgia Summers!
