Overview

Don't miss out on this outstanding tri-level! Featuring 6 panel solid wood doors, hardwood floors in the Living Room, Kitchen and Dining Room combo, and Entry, spacious Family Room, 2 full Baths, AND the perfect Sun Room with wood burning stove, beautiful wood vaulted ceiling, and ceiling fan! This could be your next home! The Living Room features a newer bay window and the Kitchen is updated with custom cabinetry, granite countertops, tiled backsplash, stainless appliances, and updated lighting! Both bathrooms are updated and the second floor Bedrooms with ceiling fans, hallway and stairs boast NEW carpet August 2024! The lower level Family Room with crown molding adds so much living space and the Laundry/Utility area is also nicely sized and there is a convenient storage cabinet with sink! There is additional storage space in the plastic lined crawl space! The Plantation Shutters in several rooms add personalized style and some rooms were freshly painted within the last year! The fenced backyard is beautifully landscaped and the above ground pool with pool filter, pump, and solar winter and summer cover stay! A great garage addition makes storing all pool equipment, etc convenient and easy! Make your appointment today!
