Overview

Completely move-in ready property with the most beautiful and private lot! This absolutely pristine home offers a recently updated kitchen (2019) with high-end, white slow-close cabinetry, stainless steel appliances, quartz counters, a spacious island and eating area, plus new wood floors. Just off of the kitchen is a spacious family room with built-ins and a lovely fireplace with granite surround. Both the family room and eating area access the exterior. The 2nd level offers 4 bedrooms with a fully updated primary bath that includes new tile, vanity and fixtures (2019). The 2nd full bath and main floor bath have been recently renovated, as well (2019). A finished basement offers a great recreational area and full bath with new shower (2023)... The outdoors will truly wow you! The large composite deck includes a hot tub/hot tub house, swing, built-in benches and planters that overlook the most serene setting imaginable! A gorgeous.9 acres of land await you with a picturesque winding stream, mature trees and total privacy. An oasis unlike any other! New water softer 2021, new humidifier 2022, new well pump 2022, new roof 2015, new driveway 2017, high-tech water filtration and reverse osmosis system, sump pump with battery back-up. This lovingly maintained home will not be available long!
