Overview

The original owner is selling this very well-maintained home in Colonial Estates! The property has three bedrooms and two full bathrooms, with the third bedroom currently being used as a den with French doors. The kitchen cabinets have custom pull outs, solid oak cabinet doors and complementary custom oak trim was added around the living room windows--a nice touch. Newer flooring throughout and the second bathroom has a newer fiberglass shower. The property has two covered entryways with large aluminum awnings. A large shed with electric service makes an excellent work shop with large double doors that open to a private tree lined back yard. Lot rent includes sewer and trash service.
