Overview

Come on out to your little piece of paradise!! Beautiful 360-degree view of mountains. Mountain views all around. The serene park like setting again with the most awesome view of the mountains. This is only the tip of the many amenities that this property has to offer. You can drive a 4-wheel truck over the 84 +/- Acres that has already been fenced. A survey will be required. House with an additional 20 acres is available for purchase as well. The property has 2 ponds that are spring feed, one of which is a stocked pond. On top of the property, you can see mountains for 100's of miles. Like it was stated previously this is a slice of paradise. You could raise a lot of cattle, have a really nice horse farm, create a beautiful Bed and Breakfast or Student housing due to the lack of student housing for the college down the road. There are simply so many possibilities. Or you could purchase it, build on it and retire in the comfort of this quaint community with privacy and simply relax with the amazing million-dollar views. It is located between Kentucky and Tennessee and Virginia and only minutes to Shopping and Civilization.
