Overview

Welcome to a beautifully renovated 1800s home! This expansive 2-story, 4-bedroom, 2.5-bath residence seamlessly blends old-world character with contemporary updates, offering the best of both worlds. The home features original wood pine floors, a large post-and-beam barn with distinctive octagonal windows, and several playful nooks and crannies, including an expansive unfinished attic space awaiting your creative touch. The first floor showcases a newly custom-designed kitchen with stainless steel appliances, granite countertops, and a farmhouse sink. This overlooks a heated 18x38 inground pool through patio doors, complemented by a wrap-around deck and charming gazebo. Enjoy the benefits of 25 new energy-efficient double-pane windows with a lifetime guarantee and several new doors, along with updated electrical systems. Fresh paint and flooring throughout enhance the home's appeal, while all bathrooms have been remodeled with eco-friendly toilets and new vanities. The second-floor primary bedroom offers a full bathroom, vanity room, and a cedar walk-in closet. Surrounded by perennial flowers and shrubs, a serene summer oasis perfect for family gatherings, grilling, and relaxation. This exceptional home is surrounded by perennial flowers and shrubs, not to mention just a short walk downtown making it a truly unique find.
