## Overview

Located in the sought-after Hubbard Woods neighborhood in Wauconda, this expanded 1,650-square-foot ranch with a basement offers an open and functional layout, perfect for one level living. The primary suite has vaulted ceilings, a private bathroom and large 5x8 walk-in closet. Two additional bedrooms (hardwood under carpeting), two additional full bathrooms, and with the laundry are all conveniently on the main floor. The open floor plan has warm wood floors, a fireplace and a kitchen that was updated a few years ago with custom maple cabinets, pull-out shelves and soft-close doors. The partial basement is finished to give you extra storage, exercise or play room. Outside, there is a large patio, side yard, and covered front porch which provides comfortable spaces for outdoor relaxation. The oversized garage (28x28) easily fits two cars plus lawnmowers, motorcycles, etc. The garage also has a 7x8 partitioned workshop. The home is moments from the high school, middle and grade school, plus Phil's Beach and Bangs Lake. You're close to popular restaurants and shops on Main Street, where you can enjoy the charm of small-town living with farmers markets and festivals right in the heart of the community.
