## Overview

Welcome home to this beautiful, classic condo! The spacious property is stately and charming, and in a great location. It is set back on a beautifully landscaped yard yet close to amenities and major roads. The interior is enticing with its hardwood floors, fireplace, and multiple built-ins. The bright and cheerful kitchen has plenty of room and stainless steel appliances. Off of the kitchen is a washer/dryer area that could be used as a sunroom. The family and dining areas are lovely with their high ceilings, large windows, and attractive trim. All of the bedrooms are a generous size. Two are downstairs, one of which is being used as an office. Upstairs are two more bedrooms. In the large primary bedroom enjoy the bay window area and en suite. The backyard oasis is fenced off, and has a patio and room for gardens. There's plenty of room for parking. A bonus is the front to back storage space in the basement. This home has been meticulously taken care of!
