Whether you need space for school aged kids, or you want to utilize the RV parking pad, the extra deep garage with a built in storm shelter, this home could fit your needs perfectly. The enclosed front porch is a great spot to relax with a book, the huge granite counter tops in the kitchen are perfect for prepping meals to enjoy in the formal dining room, and the privacy fenced back yard is great for pets and play time! You'll have peace of mind knowing that the home is all brick/vinyl with metal roof, soffit and fascia, making it a virtually maintenance free exterior, while the newer Trane furnace will keep things comfortable for years to come.
