Overview

Chestnut Hill! Incredible Newer Construction home (2022). The entry hall takes you to an inviting dining room that leads to an open gourmet kitchen/family room with oversized island and fireplace and 10 foot ceilings and sliders to a beautiful yard with patio and gas grill connection. There is an office/living room with a full bath plus an additional bedroom/office adjacent to the spacious mudroom and additional full bath. The 2nd floor boasts a primary suite with full bath with double sinks and 2 walk in closets. Three additional en suite bedrooms and a spacious laundry room complete the 2nd floor. The 3rd floor is home to an open play room. The large walk out lower level has a bedroom with a full bath, gym with a full bath, office and an open play room with fridge and sink great for entertaining. Not to be missed!
