Overview

Don't miss your chance to make this ADORABLE 3-bedroom 2 bath house your home! Located on a corner lot in the highly sought after Northridge Addition. Imagine coming home to a warm and cozy living room with a beautiful fireplace-perfect for curling up with a good book or enjoying a quiet evening after a long day. The vaulted ceiling in the living room adds a bit of elegance, as well as creating a sense of spaciousness. One of the highlights of this home is the breakfast area, with its floor-to-ceiling windows that flood the room with natural light, creating an energizing environment. Step outside your patio door to discover a beautiful large, covered deck, perfect for entertaining or simply relaxing and enjoying the outdoors. This is a well-maintained home with meticulously manicured landscaping and a side entry garage. The care and attention put into maintaining this property is evident throughout. If this sounds like a perfect fit for you, please call for more details or to arrange a viewing. Homes such as this are rarely available in today's competitive real estate market.
