Overview

This premium Windstone property boasts a stunning location with breathtaking sunset views. The open floor plan features a living room fireplace, loft, and walk-out basement. The master suite includes a spacious walk-in closet. Recent updates to the property include brand new appliances installed in 2021, ensuring modern convenience and efficiency. Additionally, the home underwent significant exterior improvements in 2022 with the installation of a new garage door and energy-efficient windows and patio doors. To complete the upgrades, a fresh new driveway was added in 2023, enhancing both curb appeal and functionality.
