Overview

Welcome to this meticulously maintained 4-bedroom, 3.5-bathroom, 2-story home in the serene community of Blue Grass! Nestled on a sprawling 1.10-acre lot, this home is one of only 16 properties in the neighborhood with shared ownership of a private landing airstrip, giving your backyard an expansive feel unlike any other. The main floor offers an inviting office, a spacious formal dining room, and a laundry room for convenience. The open-concept kitchen flows seamlessly into the living room, creating the perfect space for entertaining. The kitchen is a chef's dream with granite countertops, a large island, a pantry, and an informal dining area that bathes in natural light. Upstairs, you will find three bedrooms, each with walk-in closets. The luxurious primary suite boasts double vanity sinks, his and hers closets, and an oversized walk-in shower with updated tile surround, providing a spa-like experience at home. The finished basement offers even more space with two egress windows, a cozy family room, a dry bar with stylish tile flooring, the fourth bedroom, and an additional full bathroom. A unique feature is the oversized storm shelter under the front porch, providing extra storage and a safe space during Midwest storms. The exterior is equally impressive, featuring a brand-new deck (built in 2023), a concrete patio installed eight years ago, a 3-car heated garage, and a shed for additional storage.
