Overview

Very rare downtown Hurricane lot with mature trees. Here's your opportunity to build a new home but not have to wait years and years to get mature trees and shade. No homeowners association or CCandR's. Irrigation water, culinary water and public sewer are stubbed to the lot. It's our understanding that power is at/near the lot as well (buyer to verify). Less than a block from a city park, a short walk to downtown. Adjacent to town-homes on one side and residential on the other. Zoning is Downtown Residential. Buyer is to verify all, including but not limited to, utility access and locations, as well as zoning and its uses.
