## Overview

This home is a well cared for ranch. It has a chain link fence in the backyard. The windows have recently been replaced with new aluminum windows. For the most part, the basement is unfinished which means there is a great deal of space for storage, or putting in a large family room. The basement does have an additional room which could be used as a bedroom or office area. The home is located in a quiet area that is close to Shiloh Park, which has a golf course and pool. North Dunes Nature Preserve and the Illinois Beach State Park are not far to the east.
