Overview

Showings start on Thursday, 8/29/24. Large spacious home on cul-de-sac offers sweeping hillside views. A rare wrap-around upper porch captures sights that provide peace and tranquility. An open concept common area boasts a kitchen island perfect for sharing fellowship and an impressive fireplace to make the winter season cozy. I challenge anyone to having a larger master bedroom. This master bedroom is very spacious with windows galore and an en-suite, along with a walk-in closet. There is a separate, first floor laundry room. The home has a lower level that features a bathroom and a covered patio with more incredible views. For your storage needs, the 2-car garage also has a large workshop space or additional storage.
