Entering through the sun filled vestibule and into the foyer, comfort and warmth instantly set in. In 2017 the kitchen was completely remodeled with 42 cabinets, granite counters, new appliances and flooring and features a peninsula offering seating for four. There is a large formal dining room plus a beautiful family room surrounded by windows allowing lots of natural light in, and a view of the beautiful park like backyard that is surrounded by mature landscaping. The large first floor primary bedroom is filled with character that includes built-in closets and a woodburning fireplace. There is a full bath and another bedroom on the first floor.
