## Overview

Expansive views of rolling hills and valleys are truly exceptional from this home. Both the upper and lower floors of the home have full width outdoor balconies allowing for maximum enjoyment of the serenity and natural beauty, day and night. Large format windows surround the home on all sides, including extensive skylights throughout the upper floor of the home filling the home with natural light. The combined LR/DR/Den features a wood burning fireplace and open beam ceiling with open architecture. The updated granite, stainless, gas kitchen with center island features an open archway via a bar counter for lots of openness and a feeling of contemporary living. Separate Laundry room with outdoor access to a hidden outdoor retreat area, ideal for morning coffee. Brick lined patio in front of the home provides another shady outdoor area for entertaining and absorbing the great weather. Original home was remodeled in 2003. Den could be expanded to create a 4th bedroom.
