Overview

Need more space? This charming one-level ranch has you covered with 4 bedrooms, plus a versatile bonus room above the garage. Meticulously renovated, this home features a spacious kitchen equipped with sleek stainless-steel appliances, elegant quartz countertops, tile backsplash, pendant lighting, extra shelving and abundant cabinet space. The open floor plan features unique architectural detailing including vaulted ceilings, wainscoting, and kitchen pass through to the family room. The seamlessly blended living and entertaining areas make this home ideal for gatherings or relaxing at home. The main living area features high ceilings and offers an attractive gas fireplace as the centerpiece. The primary suite is a serene retreat, featuring a newly updated bathroom with a tiled stepless shower with pebble flooring, open cedar shelving, and a stylish double vanity. The three additional bedrooms are generously sized and share a beautifully updated hall bathroom with shiplap and rubbed bronze fixtures. Outside, unwind on the inviting patio with a firepit or take advantage of the expansive half-acre lot for outdoor activities. Fresh paint, two car side entry garage and outdoor storage building complete the package! Close to restaurants and shopping, this home has it all!
