Overview

Welcome to your stunning main floor living --a true masterpiece of design and luxury living! Boasting approximately 5441 sq ft of meticulously crafted space, this home offers the perfect blend of privacy and convenience. Situated on 1 acre of land, this property boasts two custom homes with the same address, providing the unique opportunity for multigenerational living or additional income potential. The main home features more than one living area, two kitchens, and two staircases, offering versatility and functionality for modern living. Retreat to one of the two primary suites, which includes an ensuite bath. With 3 additional bedrooms and 2.5 bathrooms, this sanctuary offers the perfect escape from the hustle and bustle of everyday life. The guest house, approximately 1984 sq ft, comprises 3 bedrooms, 2.5 baths, and two cedar closets, ensuring comfort and convenience for guests or additional family members. Both homes showcase meticulous craftsmanship, featuring granite and quartz countertops, exquisite bathrooms, and abundant walk-in closets. Enhancing the property's appeal is mature landscaping, creating a picturesque setting. For detailed on Guest House, room dimensions and additional information, please review the attached documents.
