Overview

Need a ranch house close to town and amenities? Take a look see at this spacious ranch on .39 acre. Side lot is a shady oasis with beautiful trees. Enjoy your backyard from your deck. Living room has a large bright sunny window and built-ins. The bathroom has been recently redone with a walk-in shower, toilet and vanity. Three bedrooms grace the main floor, and each one has a large closet. The one bedroom has some built-ins also. A formal dining room and bright kitchen, along with several large closets round out the main floor. The oversized one car garage will house maybe two small cars or one car and allow more storage. Need help getting to the basement? A stair chair has already been installed for your convenience. The basement is full and has a nice pantry, a work room, a another large area, as well as a spacious open area and laundry facilities.
