Overview

New Construction in the sought after Tinker Hill Development just outside of town on the Union River. Three bedroom unit with attached heated garage and private back patio area. Radiant heat and two heat pumps for air conditioning. Bonus room above the garage. Walk down to the river on the development's right of way or explore the abutting nature trail walk and picnic tables. Great location for town and easy access to drive to Acadia National Park. To be completed 2025
