Overview

Welcome to the Summer Breeze by Jerri Builders Homes, in Bogue Watch, one of the most desirable gated communities at the Crystal Coast! You will love the massive garage space at 34 feet wide; the composite decking on both front and back decks, the double cabinets that extend to the ceiling; wood shelving throughout, LVP throughout and the spacious 4 bedrooms and 3 full baths that this plan offers! In addition to these fabulous features, you will also find an outdoor shower; whole house generator panel (unit not included); prewire for cameras/speakers/alarm and lovely views from both front and back porches. There are peaks of water from various locations in the home and low traffic volume being toward the back of a cul-de-sac. Bogue Watch is "famous" for its awesome amenities, to include boat ramp at the private marina, fish cleaning station, observation pier, picnic pavilion, kayak launch, pool, clubhouse and playground. Estimated completion is early 2025!
