Overview

Welcome to this charming 3-bedroom, 3-bath ranch-style home nestled on almost 10 picturesque acres! Enjoy main-level living with convenient laundry, a cozy wood-burning fireplace, and a 4-season room perfect for year-round relaxation. The full basement provides ample storage. Step outside to explore a park like setting, a pool with a surrounding deck, and unwind in the hot tub. The property also features a guest house/studio, a 2-car attached garage and a 2.5 detached garage with a workshop, and a new roof installed on the home in 2023. With geothermal heat and propane backup, plus a whole house generator, this home offers comfort and efficiency in a serene setting.
