## Overview

This cute 2 bedroom, 1.5 bath features an open kitchen, dining room and living room with a bonus room that could be utilized as a third bedroom or office. The large workshop (which was once used as a dairy barn) has a large covered area for parking and plenty of room for a workshop and storage. The oversized corner lot is a third of an acre and is completely fenced, allowing plenty of room for kids and animals to play. The majestic oak tree in the front gives plenty of shade for those warm summer days resting on the porch.
