Welcome to McGregor! Small town charm and peaceful living while being a straight shot into Waco and city amenities. This gorgeous 4 bed 3 full bath home is located in the quiet pocket neighborhood of Windsor Park Place. Built in 2023, it's practically new! Featuring a fantastic open-concept kitchen/living/dining perfect for family fun or entertaining. The kitchen is a fabulous space to cook and create, with granite countertops, large island, stainless steel appliances, custom cabinetry, pantry, coffee/wine nook. The spacious family room has high ceilings, crown molding and tall windows allowing lots of natural light. The large isolated primary suite features dual vanities, garden tub, and walk-in shower. Two of the secondary bedrooms are down a separate hallway with a huge full bathroom. The fourth bedroom toward the front of the home would also make a great office or isolated guest quarters with the 3rd full bathroom next to it. From the living room step onto an extended covered patio overlooking your privacy fenced backyard with plenty of space for the kiddos and pets to run/play. You can also enjoy the amenities of nearby Amsler Park with a swimming pool, splash pad, walking trails, disc golf and fishing!
