Overview

Come on over and check out this beautiful fully remodeled house on the west side of Aurora! The previous owners goal was to make this house moving ready so the new buyers can just come in and enjoy the house. This home has five bedrooms And three bathroom offering a versatile living arrangements between all levels. You will find three out of the five bedrooms, and the second floor with the master bedroom being in the main level. You will also have A bedroom in the basement that can be used for a variety of reasons. This home has undergone a complete transformation, to ensure a modern and inviting living space. It has been freshly painted, added a new electrical system, new windows through-out the home and the floors have been updated. The bathroom and kitchen have been fully renovated as well, with the kitchen having a nice finish backsplash, granite countertops and 42' cabinets with crown molding. If you like to have people over for gathering or just to hang then you're gonna love this fully finished basement! You can also enjoy those nice summer/spring nights in the updated front porch or in your updated deck in the back! This property offers a long driveway, with new asphalt laid this summer. Overall, this home has A modern and well taking care of exterior. Harmonious blend of modern amenities, thoughtful designs and prime location on the West Side of Aurora.
