## Overview

The tranquil setting sets off this custom antique colonial. Truly one of the loveliest 18th century homes in NH, remarkably restored for today's lifestyle. Walk up to the elegant front door of this 1770 dual Chimney Colonial and be welcomed by a gracious hallway and stairway to the second floor. The floor stenciling and details of the door frames are the first examples of fine craftsmanship and period detailing what you will witness throughout this home. Two formal rooms flank the hallway, the library/music room with pocket window shutters and fireplace is to the left. Right is an extraordinary dining room complete with fireplace! Walk into the kitchen and feel your smile spread as you notice the authentic cook fireplace and wide plank floors. The living room is nestled off the kitchen and offers ease of entertaining from the kitchen. The back ell of the kitchen serves as the laundry room and pantry. Off of the kitchen is a beautiful sun room ~ perfect for reading! The 2nd floor offers 4 bedrooms that have exquisite detail and wood floors. Exterior landscaping includes numerous perennial gardens, a chicken coop, and brick patio for entertaining and relaxing. There is a detached 2 car garage and workshop. Detached 2 story barn is finished and serves currently as an office complete with half bath. Perfect for working from home, additional storage and

guests. This home has the warmth and ambiance of yesteryear with modern updates to be your special home!
