Overview

Charming! This three-bedroom, two-bathroom home sits high on a hill overlooking Yucca Valley and beyond a view of San Jacinto and maybe a peek of San Geronio. Sit on the lovely front porch for your morning coffee or your evening cocktail and enjoy the sunrise over the East or the gorgeous sunsets and the city lights after sunset to the West. It is such a peaceful place to make your peace with the world. The backyard is partially fenced, and the area is large enough for a pool, spa, or pickleball court!! There is a small Koi pond just off the 3rd bedroom. The owner used the bedroom as a vacation rental because of its own entrance, and it can be closed off from the owner's living area. You will love the wood ceiling in most of the living areas. You will have to experience this home for yourself.
