Overview

Check out this 3-bed, 2-bath, 2-story home in Silvis with a lot to offer! Two garages provide space for 3 vehicles or lots of storage. Sitting on a generously sized 1.2-acre lot, there's more than enough room for outdoor activities and relaxation. Inside you'll find 1, 836 square feet of comfortable living space. Durable wood-like flooring spans throughout the home, adding warmth to each space. The kitchen has plenty of counter space and cabinet storage, but the real highlight is the wood-covered ceiling! The family room features more of the wood-covered ceiling, this time vaulted, and a fireplace! There's a bedroom with a shared bath on the main level, and two additional bedrooms and a bath on the second level. The full basement offers additional storage or potential for customization to fit your lifestyle. Recent updates include a new water heater in 2021. The upstairs washer and dryer will stay. Schedule a showing today to see all this home has to offer!
