Overview

The only one of its kind in the City of Atlantis. This fully renovated free-standing unit lives like a private villa with it's own 3-car driveway and attached carport, and has been redesigned and extensively renovated with a new floor plan creating an open kitchen and 3rd bedroom or office/den. No detail overlooked with new flooring, new A/C and professionally cleaned ducts, new hurricane impact windows, new kitchen and appliances, new bathrooms and tile, new ceiling fans and light fixtures, new paint and moulding, new custom closets, new landscaping, and new insulation to provide quiet, comfort, and a dramatically reduced electric bill. Additional features include a private screened patio, additional storage shed, solid CBS construction, and situated steps from the heated pool. The City of Atlantis is a private gated community offering two outstanding golf clubs, tennis and pickle ball courts, Kintz Park and splash pad, and it's own City Council and Police Department. Located adjacent to JFK Hospital, and minutes away from downtown West Palm Beach, Lake Worth, the beach and PBI Airport.
