Overview

Incredible open floor plan that you will not see in any other house in the area. Beautifully redone inside and out. Nicely updated true 5 bedroom (3 on upper level 2 on main) and 3 bath home that is stunning. The heart of this home is the expansive open floor plan that will wow you, beautiful hickory floors throughout main level with center island, stainless steel appliances plus plenty of space table space...however, it doesn't stop there the kitchen goes on with an entire wall of cabinets which is perfect for a coffee and/or wine bar which you can step right out to your patio which is directly adjacent. The outside is your private oasis, with a covered area, ideal for outdoor parties or just a cup of coffee in the morning. Plenty of space for outdoor furniture and grilling. Very private with 6 ft. privacy fence surrounding your yard not to mention dog run that was custom built. New shed as well as gutters and fascia. Whether you are entertaining guests, gardening or just enjoying what you worked so hard for this yard is for you. Just move in and enjoy there truly is something for everyone in the family.
