Overview

This 3 BR ranch, on a full basement, sitting on a spacious lot out in the country. Just a couple miles to town, live the country life and grow a large garden in the raised garden beds. Enjoy the vintage style of this home, or update as you go. Hardwood floors throughout most of the rooms and bow window are some of the awesome features to work with. Back porch or Florida room is perfect for those early morning coffee moments, backed up to the fields, for privacy. Two sheds (one is pretty much an out building) give you plenty of storage, not to mention the full basement. Items to mention: Garage is equipped with electric for electric car and ramp. Full basement has several room ready to be used as a workout room, family room, ect. Laundry located in basement. Notes: 2nd fridge and work out equipment will remain with the property. Storage POD and truck will be removed before closing. Priced for condition and age of the property.
