Overview

This house has its own oasis, large spectacular pool and patio with barbeque area, great for entertaining and family gatherings. This neighborhood offers a quiet setting with its own HOA with the annual fee of \$200. You will appreciate the amenities, too many to mention with the quaint woodsy feeling. This home is your all-in-one, own your private Oasis for a great opportunity. In-Law potential. Many fruit trees etc. There is probably about \$100, 000 worth of exterior landscaping and patio work. Note: Sellers are having a new home built. They will lease back the house until it is closed.
