Overview

This beautiful cape is a dream oasis on the outskirts of Hudson! The oversized lot is surrounded by native plants and mature landscaping, with beautiful sitting areas carefully designed and planted by the current residents. The house had 2 bedrooms and a bonus room that could easily be converted to a third bedroom, or used as a office or dining room. The large, eat in kitchen and living room with natural gas fireplace make the house cozy and comfortable throughout the year. The double pane windows and roof are less than 12 years old.
