Overview

Open the insulated garage door to the epoxy finished floor with built-in cupboards and expansive organization on walls and storage. Up entering you'll be amazed at the oversized quality kitchen built for a chef. Viking stainless appliances, tile backsplash holds a faucet over the stove for pasta prep. Entertaining is a breeze in your kitchen with large granite bar space and another space off to the side for your home office. Tons of windows and high-end shades make it perfect for anytime of day. Upstairs holds 3 bedrooms and 2 bathrooms with awesome granite and tilework. Master bath has a soaker/jacuzzi tub and large shower with rain head shower and Bluetooth built in speakers. Door wall off of the kitchen dining area goes out to a concrete patio with a hot tub and firepit. Just enjoy this one...
