Overview

Nestled on a corner lot, this comfortable ranch-style home offers the perfect blend of charm and functionality. The kitchen boasts custom cherry cabinets and seamlessly flows into the dining room, where bay windows brighten both the dining and living spaces. The living room features like-new carpeting, adding to the home's inviting feel. An addition from 1981 includes a spacious family room and a cozy three-season room, perfect for year-round enjoyment. The main floor houses three bedrooms, with the potential for a fourth in the lower level currently used as an office but could be converted with an egress window. A partial privacy fence adds seclusion by the back entry door, and the deck is an ideal spot for relaxation. The 2-stall garage includes a lean-to at the back, offering extra storage or the possibility of converting it into a screened porch.
