## Overview

Who wouldn't want a spot for their horse? And the home is priced to sell! This is a 1.12 acre homesite that has some great storage and outbuildings. The manufactured home is on a foundation and needs some elbow grease to bring it to it's best. With that being said, the sky is the limit! There is a covered porch area, the kitchen is open, and there is a cozy wood stove to take away the winter chill. There is a master bedroom with a walk in closet and another bedroom and bathroom as well. The home is minutes away from the Idaho border and Snake River access. It's also close to I-84 and city center. The outbuildings offer a variety of storage options. There is also a 50 amp RV hookup on site. If you're ready to make your own little homestead then this place may be for you!
